

AMANIFESTO

In a world where differences threaten

WE STAND FOR *Diversity*

We are investment bankers and refugees, community leaders and entrepreneurs, journalists and designers, engineers and educators. We come from 6 continents.

OUR WORLD IS **UNITED** **NOT POLARIZED**

All sectors of the economy can help tackle our most complex challenges. Differences should lead to innovation, not conflict and destruction. In a world of uncertain futures

WE STAND FOR *changing the present.*

WE ARE: Bridge-builders, across sectors, borders and boundaries | Risk takers | Life-long learners | Caretakers of our planet

WE BELIEVE:

IN DISRUPTION:

hacking our systems for positive change

IN INTEGRITY:

there are no shortcuts to changemaking; we walk our talk

IN CARING FOR EACH OTHER:

helping and asking for help

Small steps today can lead to big change tomorrow.

A better world is possible **AND WE ARE SHAPING IT**
